

HRE 02

Lake Nokomis Shoreline Enhancements for Turtles and Pollinators Phase 2

Spiny softshell turtle

Softshell turtles nest in Minneapolis!

A test enclosure at a Lake Harriet beach was used by softshell turtles. The nest hatched out just a few weeks ago.

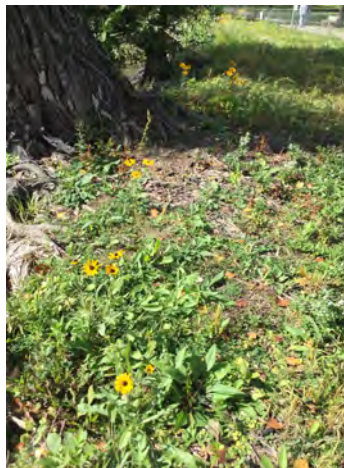

Lake Nokomis Shoreline Enhancements for Turtles and Pollinators Phase 2

Phase 1 Completed with LHOSC funds

BEFORE...

- eroded banks
- mown turf
- invasive trees

AFTER...

- native plants
- gentle upland-to-aquatic transition
- defined public access corridors
- mature trees preserved
