By consensus, the Council choose to hear agenda item #10, "Fee Title Land Acquisition with Buildings in North Central MN", prior to agenda item #9, "Review and Approval of OHF Recommendations Bill Language".

10. Discussion / Action: Fee-Title Land Acquisition with Buildings in North Central MN
[\(1:35:27\)](#)

Chair Hartwell and Executive Director Mark Johnson provided an overview of this agenda item and introduced presenters Annie Knight, Executive Director of Northern Waters Land Trust, and Kathy DonCarlos, Land Conservation Coordinator for Northern Waters Land Trust.

Ms. Knight and Ms. DonCarlos presented to the Council an overview of a 1,095-acre fee-title land acquisition opportunity in Cass County, which would become a new Wildlife Management Area. They described parcels within this proposed acquisition with existing buildings or structures, and the estimated value as related to the Council policy that prescribes limitations on OHF-dollars used for acquisition of parcels with buildings. They shared potential options for use of the habitable buildings by partner organizations, and use of private funds to offset the cost of the buildings beyond 10% of the acquisition price as per Council policy.

Council discussion followed.

After discussion, the Council clarified that the acquisition may proceed in compliance with existing Council policy, provided that private funds are used to offset the cost of the buildings, with the understanding that the buildings would be disposed of notwithstanding future Council approval of an alternate plan. The Council suggested that Northern Waters Land Trust prepare a written proposal that would allow for the preservation of habitable buildings to be presented at the January Council meeting to seek Council approval.
