

# Outdoor Heritage Fund Contract Management Measures

The OMBS Grants Unit tracks several basic metrics to judge trends in contract management work and set strategic and staffing goals for the year.

## Open Grants Per Year

The number of open Outdoor Heritage Fund grants per year increased over the last 5 years, with a sharp increase in FY21 due in part to COVID extensions. Open grants maintained the same level from FY24 through FY25, still significantly higher than prior to FY23.

## Payments to Grantees

In FY24, grant specialists processed over 750 payments, trending up from FY22. Land acquisitions increased, hitting FY21 levels and significantly higher than the five year average. The DNR reimbursed \$203 million in eligible expenses in FY24, a sharp increase from prior years. FY25 is on track to return to FY23 levels.
